ONWARD TO WBC!

Yes, get your errata in early since your editor will be in the thick of it at WBC on the date of the normal Boris Alert so will be sending it a week early -- unless Ms Nar lets me get an i-Book for the trip. I'll be GM'ing *WIZARD'S QUEST* on Thursday morning (Ref 1), and playing mostly *CIRCUS MAXIMUS*, *GANGSTERS*, *MONSTERS RAVAGE AMERICA*, and, of course, *SLAPSHOT*.

We've had a complaint about my traditional action summary and commentary at the top of each DIP game and DIP variant. Claimed I was offering too many hints on play and objected to my choice of metaphor and similes. Been doing this for 16 years, and he's the only complainant I've had. Figured no one took the things seriously anyway. Anyway, let me know your druthers either way.

The series started as reports from the local *agent provocateur* to the "Chief Bug" (as in *STARSHIP TROOPERS*). Notice the spider or SST oriented datelines of the pieces: Mirkwood, Minas Morgul (from "The Lord of the Rings"), Clifhorne (lair of Cragspider in *DRAGON PASS*), Klendathu and Sheol (Bug planets in SST1, and now Ragnocitta (my best shot at Spider City in Italian).

BORIS'S BULLETIN BOARD

THOUGHT FOR THE MONTH: "I could have conquered all of Europe, all of it, but I had women in my life." --Henry II

Today is Wayne Morrison's birthday. Methinks #53. He may be back in the states by WBC as the Saudi Air Force hasn't paid his employer lately.

T.J. Klausutis has moved. See p 18 for new address.

Warren Goesle's *I Digress* is now the parent zine of Scott Morris' *Flat Earth Society*, rather than the reverse. Check it out at Reference 2.

BOOS & KUDOS

This month's Madame Bolduc Press Excellence Award (and free issue) goes to the author of the "Peleus" press.

This month's Ms Nar Super-Suds Bomb is lobbed at Ward Narhi for late orders.

Spring 1906

ERRATA: English (A Sil-War), French (F Mar-Pie), and Turkish (A Mos-Lvn) all failed.

MIRKWOOD: The end is nigh for Germany and Italy. So too the Eastern alliance? The standoff in APU speaks volumes, but the tea leaves are silent about the West. The shifting of forces eastward and into the Med may be real, or a cover. For what?

TROOP MOVEMENTS:

Austria builds A TRI. Italy disbands F ALB. Turkey builds A CON.

EMBASSY BEAT

France to Germany: To the brave Captain of the rogue German Fleet, you are welcome to use BEL as your outpost. England and I will support you there as a buffer between us. (let me know if you are willing to help in a stab of England, just don't let this leak out!)

France to Italy: Hang in there buddy I'm coming as fast as I can, as I see if you are safe in Rome as if he uses F Naples for a support I get into Tyr and I'm sure the Duke doesn't want to see that happen.

CLASSIFIEDS

Your Majesty, fancy meeting you in central Europe. Enjoy the Pilsner and Kelbasi...who's that? I think I hear some kipper calling you from the Baltic, be a good chap and off with you now.

John Oakum memoirs: Aye, the sausage and beer in Warsaw is grand, but not as grand as the women. These women are real ladies. They taught me to drink champagne from glass slippers. taste even better if you do it before they wear the slippers, too. Now the Colonel tells me the liquor in Moscow is even better and more women per men by three to one. I guess I'll try to get to Moscow with the Colonel. Now if those Turks will just step aside, won't be no problem.

Fall 1902

MINAS MORGUL: It could be all over for Wormstongue, and, if Germany and France cooperate, Albion will shortly follow -- unless the Bear intervenes in force. This could weaken his southern flank where Italy and the Sultan should be more than ready to pounce.

EMBASSY BEAT

Berlin: It was announced today that Count Rudi von Starnberg has just apprehended a British agent, one Col Flashman. Flashman was apparently in disguise as a member of the royal family with the expressed purpose of assassinating our beloved Kaiser. Bismarck is demanding a declaration of war.

BORIS WORLD PRESS REVIEW

The European Press (Bern): Europe is war torn and looks like no diplomacy can end it. Russian monster is rolling west determined to take the same roads ultimately to Paris that Napoleon took to Moscow. Will Russia do better than the napoleon push? Only time will tell. Austrian Italian Leadership and cooperation is nonexistent and therefore it seems as though both of those countries are doomed to Russian domination. The world appears to have England, Italy and Austria isolated without allies while their seems to be a strong Germany/French and Russian/Turkish alliance. At what point will the Giant Russian Bear decide he does not need his ally Turkey and decide it is easier to take Turkey out rather than Germany or France, especially after the Russian Bear is done dominating Austria and parts of Italy. Turkey is now just in the hungry bears way.

EMBASSY BEAT

Bulg-Tur: No, you did not make it quick. May you die the death of ten-thousand sand flea bites!

SERBIA TO ALL: Let's call it -- this one's over.

BORIS WORLD PRESS REVIEW

An editorial from the *Triana World News*: To the Serbian People: The world will long remember the deprivations you have visited on Albania. Your aggression towards and attempted conquest of the peace-loving peoples of Albania will stain the legacy of Serbia for generations and your atrocities will return to haunt your children and descendants. Albania appeals to the world to condemn the vicious government of Serbia and provide aid to the valiant Albanian freedom fighters struggling for their very existence under the massive assault of the oppressors. Even should Albania fall and be annexed to other countries its people will long remember its desperate struggle for independence and justice. Long Live Albania and Freedom and Independence in Southeastern Europe.

Spring 1522

ERRATA: Florence has A ARE, not A SIE, so Papal A Per-Sie succeeded and he gains 1d. Austria also controls COMO and should've earned 42d at latest count. (Help me out here.)

RAGNOCITTA: The Austrian war machine is getting its disparate parts assembled and has, from all indications, chosen France as the initial recipient of its attentions, aiding the archenemy of Christendom in the process. Five more independents are entered on the empty endangered list. Pope Ward's nonbuild is somewhat puzzling. Could some treachery be afoot?

BORIS WORLD PRESS REVIEW

Venetian Chronicle: A season of good football is behind us. Vienna is the outstanding team which won with large marginal. Subsequently they will make big investments in new players. But what's about the rest of the teams? Marseilles made good progress the last turn, and will be a good candidate for the title in a couple of years, unless Vienna take it to an end totally before that. Odessa didn't impress, in the games they played was not many goals made and they just made it to next years league. Same with Roma and Florence. The open CORner of the goal that Florence's forward missed was devastating. The home team has begun to realise who their head opponent is, and if they don't try to take the initiative from the beginning, they will never stand a chance to Vienna's lead. Probably Vienna sees that and will take the necessary steps to prevent any offensives. Well, that's it then. Let's hope for our boys and their fellow teams to give Vienna a match.

General Comments:

For the most part everything went smoothly. Let's try to keep it up. Due next time 15.4 - Ship Construction through 15.9 - Trade Card Acquisition one (1) week before general deadline.

Corrections:

Babylon pointed out that I had missed that Petra was over populated. I have corrected this. There is still plenty of support. I also forgot to include Iberia's Civilization Card purchases from turn 13.12, but the Civilization card total and victory point total was correct (don't ask me how I did that). I noticed that I had forgotten to return one of the cards in the 8 stack, so the number of cards in that stack is increased by one.

14.0 Trading

1. Iberia trades Oil, Wine + Gold to Egypt for Timber, Timber + Spice.
2. Crete trades Gems, Spice, Hide, Cloth, Grain, Salt to Iberia for Timber(x3).

4. Africa trades Gold, Bronze + Papyrus to Babylon for Resin(x2) Superstition, Ochre.
5. Babylon trades Bronze(x2) + Oil to Iberia for Gems, Cloth + Salt.

BETWEEN TURN HAPPENINGS: Due to an Event Card call, the following responded to the place named: Neville to Raby, Scrope to Maasham, Roos to Helmsley, Mowbray to Wressle, and then we had another card which was **PARLIAMENT MUST BE CALLED IF NO SOLE KING:** and since we have two, Parliament is called, at ASHBY!

And all the Nobles in play attend!!!! There are 63 Lords Votes, and 109 Commons votes; since Pole & Herbert remain captives.

The only item up for voting, since there are no Crown Cards in Chancery, is to vote for a Sole King. Please send your votes for either King Richard, or King Henry to be Sole King.

And tell the GM if your Nobles are going to remain at Ashby, or return to one of their home Castles as printed on the Nobles Crown Card. When I send out that report, I will also issue the remaining three of the **TURN EIGHT EVENT CARDS**.
